

“ It was great to be part of this collaborative project. The therapeutic value of bringing art into the classroom is immeasurable. The impact of having young mentors who have transformed their lives through the graffiti art form is additionally significant because our students seemed to relate on various levels. ”

- Tanya, Educational Assistant

Drew Hildebrand *teen* Benefit Fund
Music & Arts
PROGRAM
www.dhtbf.com

The Drew Hildebrand Music & Arts Program is in memory of Drew who died on April 8, 2008 at the age of 16. Drew's family was so proud that Drew himself took such strong turnaround initiative and received that recognition from his high school, Thomas A. Blakelock.

Unfortunately tragedy struck before he could realize his full potential. Now in his memory, Drew's After School Programs and Scholarships will reward turnaround teens so they can pursue a safer and better life.

***Drew had a love for music and enjoyed art.
His spirit will continue in others.***
